

Speaker Microphone

ParMarLow SM-1100 Speaker Microphones are rugged, weatherproof units with an integral audio earphone plug.

The SM-1100 comes standard with rotating clothing clip and coil cord wired to the specific mating connector for your radio. The tactile feel thumb sized PTT Switch is fully enclosed in a rubber boot to insure thousands of operations in all environments.

The ParMarLow SM-1100 Speaker Microphones are available for most portable two way radios.
