

**You Will Be Heard—With Perfect, Portable Sound**

**Wireless Portable Sound Systems**

## GPA-300WU

When you need to be heard by small groups.

The GPA-300WU wireless mini portable sound system with built-in speaker/amplifier is compact enough to be carried on a belt. Yet it comes with the accessories and features of a much larger system, including 16 selectable preprogrammed channels with tone-key control and a jack that accepts a wired microphone, computer or projector input. The GPA-300WU will also plug into your wired in-house PA system. An LED indicates low battery and radio channel.

Output Power	10 Watt RMS
Frequency Response	100 Hz to 12 kHz
Battery Type	6 AA Ni-Mh <small>Rechargeable</small>
On Time	2 to 4 Hrs
Recharge Time	3 to 4 Hrs
Dimensions	6.9"H x 5.1"W x 2.0"D
Weight	2.2 lb

## GPA-500W

When you need to be heard in small lecture halls or large rooms.

The GPA-500W wireless portable sound system can be hand carried or mounted on a wall or stand. The system's jack accepts a wired microphone, computer or projector input or connects to your in-house wired PA system. To customize your GPA-500W, see the options on the back page. The GPA-500W delivers professional quality with 96 selectable preprogrammed channels and tone-key control. An LCD indicates low battery and radio channel. Set-up is quick; operation is easy.

Output Power	30 Watt RMS
Frequency Response	70 Hz to 16 kHz
Battery Type	12V 2.9 Ah <small>(Lead-Acid) Rechargeable</small>
On Time	3 to 4 Hours
Recharge Time	4 to 6 Hours
Dimensions	11.4"H x 10.25"W x 8.25"D
Weight	8.8 lb

**You Will Be Heard — With Perfect, Portable Sound**

## GPA-750W

When you need to be heard in large areas, including outdoor concerts and rallies.

The GPA-750W wireless portable sound system lets you mix different audio sources simultaneously. The system's jack accepts a wired microphone, computer or projector input or connects to a wired in-house PA system. To customize your GPA-750W, see the options on the back page. The GPA-750W delivers professional quality sound with 96 selectable preprogrammed channels and tone-key control. An LCD indicates low battery and radio channel. Set-up is quick; operation is easy.

Output Power	50 Watt RMS
Frequency Response	20 Hz to 20 kHz
Battery Type	12 V 2.9 Ah X2 (Lead Acid) Rechargeable
On Time	3 to 4 Hours
Recharge Time	4 to 6 Hours
Dimensions	18.5"H x 11.8"W x 9.0"D
Weight	26.5 lb

## GPA-800W

When you need to reach crowds of 1000+.

With telescoping handle and built-in wheels, the GPA-800W wireless portable sound system is as easy to roll as a large suitcase but it delivers a powerful professional sound. This system offers the most options for inputs and outputs, including a second microphone and speaker; computer or projector input; connection to your wired in-house PA system; 96 preprogrammed channels and tone-key control. To customize your GPA-800W, see the options on the back page. An LCD indicates low battery and radio channel. Set-up is quick; operation is easy.

Output Power	100 Watts RMS
Frequency Response	70 Hz to 16kHz
Battery Type	12 V 4.5 Ah X2 (Lead Acid) Rechargeable
On Time	4 to 6 Hours
Recharge Time	6 to 8 Hours
Dimensions	31.5"H x 14.125"W x 12.25"D
Weight	39.7 lb
